

*SEMDA SCHOLARSHIP RECIPIENT 2023-2024*

My name is Karly Miller, and I am a first-year Nutritional Sciences and Dietetics student at the University of Michigan, Ann Arbor. I graduated from the University of Illinois at Urbana-Champaign in May 2023 with a BS degree in Food Science and Human Nutrition. I believe food is the heart of humanity, which is why I am pursuing a Registered Dietitian credential. I look forward to starting the Dietetic Internship this summer to apply what I have learned thus far! Thank you, SEMDA, for the opportunity!
